Subject: RHI - closure

John – we spoke a bit on the last day about the RHI and notice requirements for closure. I mentioned provision we had made on IME 3 which might be helpful on the RHI. We specified in the legislation that the requirement to consult, a pre-condition to the licence modification power being exercised, could be satisfied by consultation before the coming into operation of the legislation. I have highlighted the relevant extract below.

On the RHI, I wonder could you make similar provision regarding the requirement to give notice on the closure – include the requirement but make provision that it can be satisfied by giving notice before the coming into operation of the legislation?

I appreciate I'm not aware of the full context but happy to discuss/consider further if you think I can be of any help.

Helen
