Did you get a chance to look at your notes?

Yes the first mention I have of rhi in 2014 is when you were updated that domestic rhi scheme was going to the Committee - want to go through them again this morning just to double check

Can you check if any notes in cost controls for non domestic?  
Thanks A

Would that have been 2013

No 2014 after 2013 consultation.
