I think we need to have a further discussion on this one. Not content with paper as drafted but have concern that if we don't move now it will result in the scheme remaining open until this autumn and a very big bill for us to carry.

Can we have a further word over the next couple of days?

Andrew

This is another one that needs to be out the door today. Again its a consultation on closing RHI. Keeping it open before Christmas has caused potentially a £27 million overspend in this area. We need to consult and probably close the non domestic RHI.

Importance: High

You know well how pressing this is, and the Accounting Officer issues can only be managed well. (not eliminated as it's too far gone) on the timetable in the attached.

Many thanks.

Please find attached submission seeking urgent approval to launch public consultation on the RHI schemes. Public consultation must be launched on 20 January 2016 (by cop tomorrow) to enable policies to be finalised, approved and legislation progressed before Assembly rises in March.
