Officials were briefing everyone related to the scheme about the proposed changes well in advance of any changes, I asked Wesley to send this through as proof that briefings, and meetings, were taking place- he is content for us to use this info. Wightman and Hughes are the 2 officials who were involved with the rhi scheme.

We have emails that show that the rhi officials met with and briefed Moy Park, the UFU, biomass boiler installers and those who sell the pellets during July 15.

How did these people know about any plans to close a scheme. Andrew mc said to me in recent days that the plan was to say nothing till early Sept and then have a very short period is 3 weeks before the change took effect?
