Earlier this evening I took a call from Andrew McCormick. He had recalled using the phrase 'I've raised that with Simon and John' in his conversation with JB. He can't remember all the serial about the exchange but believes it was in connection with concerns about party involvement in the summer of 2015.

Aside from how absolutely outrageous it was for him to discuss anything to do with his current Minister it worries me about the flavour of this conversation and what on earth he could have said.

Simon.
