Juliet, I'm not sure where that came from either. However, once Phase 1 finishes in a couple of weeks we will need to get you working on other stuff to make up your full time hours (e.g. NI RHI). You'll recall that you were down as part time for Phase 2. We should discuss next week.

I asked for people to let me know of any changes, so if you have any, just let me know. Don't shoot the messenger - any problems take it up with Matthew!

Not quite sure why I'm marked as part time, but no worries if you want to leave as is...!
