Subject: AEA contract for site inspection and auditing in NI
Received: 2012-08-20T13:09:41Z
FW: From the OJEU notice
RHI audits/site checks for NI

Just to update. We have it in writing that procurement are satisfied against both EU procurement law and our existing contract that we can simply extend the contract with AEA. I am running this by our internal legal team once again for confirmation, but I'm confident that the above assurances in writing will allay their concerns.
