RHI audits/site checks for NI

Paul,

Thanks for that. It would be great news and save us a lot of time in the future.

Please let us know the outcome ASAP as will need to work with you / your team to create an NI scope of work for AEA to price on.

Regards

Morag

Just to update. We have it in writing that procurement are satisfied against both EU procurement law and our existing contract that we can simply extend the contract with AEA. I am running this by our internal legal team once again for confirmation, but I'm confident that the above assurances in writing will allay their concerns.
