Hi Matthew,

I've swapped my surgery slot with Claudine for the FiTS so that NI RHI discussion is now at 4pm for 45 mins. This way we can have Richard Kayan and Milton in the room as well to really get to the bottom of the IT costs and the delivery timeline – the last outstanding revised costs for the NI RHI development phase.

I hope that wasn't too presumptuous of me, but thought it best to get this loose end tied off as soon as possible.

Paul
