Hi Richard,

I haven't been able to get through to Matthew, but have swapped with other NSD colleagues so that we now have a 4pm slot in Matthew's agenda for his surgery in 1 M8. Look forward to going through everything with you in detail there.

Paul

Hi Richard,

Can you hold your 4pm slot for us and I will confirm whether this can be done soon.

Thanks

P

Paul,

Unfortunately, both Milton and I need to be in the CMMi final report meeting at 3pm.

Is it possible to do 4pm instead? Thanks.

Regards,

Richard

Hi Richard,

I have a 30 minutes slot booked into Matthew's surgery at 3pm to discuss the Development Phase Agreement for the NI RHI. If everyone agrees, then this could be an ideal forum to discuss these costs and timescales as this will probably make up the lion's share of our discussion anyway. Will leave it in your hands.

Paul

Luis,

Thanks for your email.

Andy is working on the details this morning, and will be arranging a meeting with you, Matthew, Milton, and I for this afternoon to go through the proposal, which includes both costs and timescales.

I appreciate you are out of the office today, but would you be available for a half hour meeting this afternoon to go through the proposal?

Thanks,

Richard

Richard,

I would appreciate if you could give me an update on the costs and timescales of the IT delivery for NI RHI. I understand you and Milton reviewed them yesterday.

Thanks,

Luis
