Where are we at on the issue of NI RHI using "version 1" accred module, whilst GB will move with Phase 2 onto "version 2" accred module from ca Jan 2013?

Are we "cloning" the accred module, with a dedicated NI RHI Accred link into it?

Hi – many thanks Paul for adding my comments from the meeting earlier this week.

Niketa, I've added further comments on the rest of the document, from the point we got to at the end of the meeting. Sorry, it looks like a lot but the vast majority are I think minor amendments.

Thanks
