Hello All

I have just spoken to Joanne. She has informed me that the AA will be sent to their outsourced legal & procurement teams and expect a response in 1 week. Guidance – she has answered MM's queries. So unless there was anything else she feels she cannot further respond to these 2 areas. She is free @ 10am tomorrow if anyone would like to raise anything else. Please advise so I can arrange for her to talk directly to you or in a teleconference meeting?

Also given workloads at the moment can I gauge if we require Checkpoint today? I have had an update from Andy for Bob's surgery tomorrow and Will is on A/L from tomorrow. Also Paul & Keith are still on A/L. Please can you all respond by 2pm. Thanks

Hello Joanne

Would it be possible to reschedule this for tomorrow @ 10am as the team would welcome a discussion on the Administrative Arrangement and Guidance. R
