Matthew

further to our tele con yesterday, I have managed to get a small easement on submission of my budgetary return to Monday lunchtime. It would be helpful if, by then you could firm up on the maximum figure you will work to - you mentioned £700k but that this needed scrutinised and a level of 'push back'. I cant give any guarantee that the Department will be able to find additional cover - but it would at least be helpful to know the figure with more certainty and also that, once set, it would not be breached any further.

Regards

Fiona

Hi Fiona,

There are budgetary implications so it sounds like we really need to speak this afternoon (I am on leave tomorrow). I am waiting on your PA to ring me back so we can arrange a time to speak.

Matthew

Rita

unfortunately I have other commitments from 3pm onwards on Monday. I could accommodate a 30minute meeting any time between 12 and 2.30pm if that would be helpful - and we will have to do by teleconference.

Also, could you give me an indication of what the issues are and, most importantly, are there any budgetary implications as we have to make a return on our budget lines tomorrow and there is limited opportunity to change this once the return is made.

Many thanks

Regards
Fiona

Hello Fiona

I am the Project Manager for NIRHI. Mathew has asked for me to arrange a video/teleconference with yourself to discuss issues that have emerged with regards to the Development Phase Agreement.

Would you be available for 30 minutes after 3.30pm on Monday 3rd September. Please can you advise of the best time for yourself so that I can arrange a room ideally with access to video conference facilities, failing this it will have to be a teleconference.

Look forward to hearing from you soon.
