Hi Keith

Please could you drop a quick mail to Sohail in Finance explaining that the NI scheme is going ahead with launch November, manual solution till Feb and yes then we will need to use SUN? I just bumped into him and it appears there's some confusion with his SMT in Finance, they don't think it's going ahead at all (probably caused by the delay with the Register), so we just need you to confirm it is going ahead, so they can agree resource etc.

Thanks!
