Paul has gone through the changes against your comments and was under the impression that we had addressed everything, but if you could flag the points where you particularly need clarification, or even send your version again with the points that you need clarified in bold we will address these.

Paul/Keith

Thanks for this. I have looked quickly through and while I note that some changes have been made to the document (and thanks for that), I note a number of questions/comments that I made do not appear to have been answered. These do not necessarily require a change to the document but do require a response. I am due to meet Fiona later this morning so would be grateful for a response by return. Apologies for the tight turnaround but you'll appreciate that we only got sight of this update this morning and Matthew is looking for a response by cop today.

Hello Joanne,

Please find attached the update report showing all track changes that have been taken on board since we received your comments back. There are some additional changes as a result of a full legal review following your additions/changes/clarifications.

Please do not hesitate to get in touch if you would like to discuss any part of this report,
