Hi Peter

Yes, thanks for your hospitality – I felt we had a really useful meeting, and it was good to put faces to names and to get to know more about the DETI scheme.

The latest figures I have for you are as follows:

| | |
|--|---|
| Number of approved accreditations: | 6 |
| Number of new cases under review this month: | 8 |
| Number of cases returned to applicant: | 4 |

The main types of applications under review are hotels, offices and supermarkets. All of this month's cases are solid biomass.

I hope that helps

Kind Regards

Teri

Terri,

Good to meet you yesterday, was a useful meeting.

I am sure the May report will be with us in the next week or so but just on the back of yesterday's meeting I wanted to check the latest numbers in terms of applications and accreditations as there seems to have been an increase – also am preparing a short update brief for the Minister so it would be useful to include the latest figures.

If you can provide a brief update that would be very helpful.

Thanks,

Peter
