Teri,

Can you please give me an update on where we are at with finalising the NIRHI operational budget. It is now 2½ months since we met with DETI, so it se really need to send DETI a revised proposal ASAP if we haven't already (which I suspect we haven't, because I haven't seen it yet). Also, given that we are now well into the financial year, we need to conclude this quickly.

Also, In early July DETI had followed up the meeting with an email to ask if we were able to share certain data with them (if so it would avoid the need to resolve the contentious issue of who has responsibility under the regs to run the scheme). I've attached a copy of it. I had thought I had raised this with you already, though on looking just now I can't find any email on this that I'd forwarded to you. Have you been looking into it for DETI?

Matthew
