Hi Adele,
 Yes, I can confirm that we did conduct an investigation on the basis of the report referenced below. Following that investigation, and in line with our standard procedures, we reached a position of being satisfied of ongoing eligibility, and released a hold on payments. Happy to provide further information as required. In the interim, I'll arrange for a copy of relevant information to be forwarded (to Seamus via GSI as per our usual approach).
 If you have any further information that would be relevant to this case, we would of course expect to look at that and act appropriately.
 Kind regards,
 Edmund

Subject: Urgent: S Brimstone's RHI appl no redac investigation

Good afternoon Edmund,
 Grateful if you could advise if Ofgem have investigated or plan to carry out an investigation following the Ricardo Auditor observation for S Brimstone's RHI appl no redac as set out below and in their report for the site visit undertaken on 30 June 2016.

Auditors observations	Does observation constitute non-compliance?	What remedial work is required to rectify this issue?
The auditor could find no evidence of the building described as agricultural workshop/storage being used as a workshop or for animal pens as described in the non-domestic questionnaire.	YES	Ofgem to investigate.

I understand Stuart may have already had a preliminary discussion with you this morning concerning this recipient. An urgent response if possible by **2pm today**, would be greatly appreciated.

Happy to discuss.
 Regards,

Adele Willis
