Matthew, as requested:

Ruth,

I understand there have been some problems in getting finalised figures from you for the resourcing of the NI RHI Feasibility and Development phases. As the Feasibility Study has to go to Bob for approval this Friday followed by submission to DETI the following Friday, we need to get your final figures as soon as possible.

I understand that you don't feel that the proposed resources will be adequate. However unless you can provide a reasonable alternative within the required timeframe (by COP Thursday) we will have to decide these figures on your behalf.
