Hi James,

Please see below – they have spotted 2.1 needs amending too.

Could you proceed as we discussed please with making the necessary changes to this, and let me know if there is anything else needed?

Thanks for your help with this,

Katy

Good morning Katy

Yes, we agree that only minimal change is required to the Agreement to reference the new regulations in paragraph 1.2 and again in 2.1 under definitions. We are also content for the Agreement to be redrafted as a new document rather than an amendment to the existing.

Subject: Administrative arrangements update

Hi both,

We've had a look through the administrative arrangements, and based on our understanding of what the Regulations will look like (haven't seen the final copy yet of course) we think the only change needed will be to paragraph 1.2 to refer to the new set of regulations. Please see copy attached.

Can you confirm whether you agree please?

Also, our lawyer has proposed to re-make these with a new date rather than to make an amendment to avoid being in a position where we end up with multiple amendments over time. Would you be happy with this approach?

Once we've agreed on the points above, our lawyer can get the ball rolling on this.

Thanks

Katy
