Subject: Please suggest sites for audit by 20th March 2014
Received: 2014-03-13T16:53:56Z

Good afternoon all,

Thank you very much to everyone who has suggested sites for audit and contributed towards the successes of the site audit programme to date.

This year your suggestions have resulted in the identification of 29 non-compliances - That is 40% of all the non-compliances identified in 2013-14. This shows that your instincts about installations being non-compliant are usually spot on so please keep up the good work and keep suggesting sites for audit.

We will be selecting sites for the next round of audits on 20th March 2014. Please add any suggestions to the [Log for Potential Sites to Audit](#)

Please be as clear as possible when providing your reasons, as these will be sent to the auditor carrying out the site audit.

Suggested sites can include both [pre-accredited](#) and [accredited](#) installations.

Installations can be suggested for audit at any time. Urgent requests will be considered on a case-by-case basis.

If you have any questions or are unsure of whether an installation should be added to the list then please just ask me.

Many thanks,

Catherine Avenell
