Thank you Jane for confirming this, please note we are also providing all answers to questions by the applicant on the register and some of this information will also not be on the DSP.

Regards

Marc

Marc,

Lawyers have agreed that we can share meter reading data and have recommended that when we send the info across we state in the covering email that it is being sent pursuant to the data sharing protocol, in order to evoke the processes and safeguards built in to that arrangement.

Very many thanks.

Jane
