Sorry Edmund

Further to Lucy's email below. Our Permanent Secretary (Andrew) is meeting the DfE Minister shortly and is planning to provide a letter confirming this case is currently under investigation. Looking at the Site Report alone, it is very difficult to justify that there is an eligible heat use. This looks very like the Cat 4 installations that PWC identified.

We therefore need assurances that Ofgem's decision not to proceed with further enforcement action has been based on robust evidence. Otherwise, we'll have to initiate another investigation given the allegations were only received yesterday and the site visit was in June.

Can you please come back to me as soon as you can? Andrew is meeting with the Minister within the next hour.

Thanks, Stuart

Thanks Edmund

Grateful if you could provide the findings from the investigation which led you to be satisfied that the recipient's heat use was eligible for payments under the non-domestic RHI scheme.

Thanks

Lucy
