Good afternoon Marc

Would you be able to provide the following data for me please. We require a report which shows the information set out below on an annual basis since the commencement of the NIRHI in 2012. It is required for analysis that is being undertaken around queries raised in the Northern Ireland Audit Office report into the NIRHI.

- Metered GWhs for different tariff bands of non-domestic biomass energy for which subsidies were paid out under the scheme, as well as the non-domestic total for all technologies
- Annual actual or forecasts expenditure for each category set out in the bullet point above.
- Breakdown of numbers of accredited installations and total MWh energy output by SIC code.

Many thanks in anticipation.

An early response would be appreciated.

Regards

Seamus
