Edmund,
 Paragraph 1.14 of the draft paper – It is not clear why a formal review by Ofgem is currently not an option so for a complete background information, you would need to add a summary of your discussion with the applicant this week. When we discussed this morning and earlier yesterday, you explained that the applicant is refusing to pursue a formal review by us.
 You also need to explain the deadline of 27th October 2013 so add that the applicant has 28 days from receipt of the decision to request a statutory review. I understand from our discussions this morning that the applicant is aware of the deadline.
 Regards
 Lade

Martin, as very briefly discussed I won't submit an MC paper until you've had a chance to look at this.

We may have 3 broad options:

- 1 – no paper [or tabled/non-circulated paper]
- 2 – just the summary sections 1-7 of the paper, with legally privileged annexes replaced by a 'verbal update at the meeting'
- 3 – paper submitted as is

Many thanks

Edmund

Martin, Lade, Teri

I've prepared a 'For Information' paper to aid our discussion at MC on Tuesday. We have a 15-minute slot. The 4-page paper sets the context and current position, and relies for the legal position and analysis of risks on two annexes comprising the briefings prepared by Lade on the Legal Options and the Review Process.

Martin, are you content for this to be submitted?

Any comments welcome (via the link below) before the noon deadline. Apologies for short notice.
