<ul style="list-style-type: none"> WTD: 48 calls and c. 27 emails received. MTD: 126 calls and c. 71 emails received. <p><i>*Note: Figures are correct as of 09:00 on 22/12/2014. The timeframe for pulling weekly data runs from Monday December 15th 00:00 – Sunday December 21st 23:59.</i></p>	

Applications - TC	RAG Rating
<ul style="list-style-type: none"> WTD: 1 application approved; 10 applications received. MTD: 9 applications approved; 25 applications received. Since scheme inception: 258 applications approved (excludes rejections, withdrawals and amendments), 13 amendments. <p><i>Note: Figures are correct as of 09:00 on 22/12/2014.</i></p>	

Periodic Data - TC	RAG Rating
<ul style="list-style-type: none"> WTD: 23 PD submissions received from 'live' applications; 15 submissions review completed. MTD: 55 PD submissions received from 'live' applications; 65 submissions review completed. <p><i>*Note: Figures are correct as of 09:00 on 22/12/2014. The timeframe for pulling weekly data runs from Monday December 15th 00:00 – Sunday December 21st 23:59.</i></p>	

Technical Support - EW	RAG Rating
Nothing by exception	

Payments & Drawdown - TA	RAG Rating
A total of 1,762,919.17 has been paid in the year to date for 29.2 Gwh of heat . 551 individual payments have been made since the inception of the scheme to date, amounting to £2,128,551.22	

Weekly Report - Renewable Heat Incentive (NI) - Operations

for 32.2 Gwh of heat.

Compliance – APT	RAG Rating
<p>Counter Fraud - As at 17 December 2014, we have one case of suspected fraud under investigation on the NI NDRHI scheme. This case has a potential value of £1,760.</p> <p>This case involves a suspicion that a knowingly false opening meter reading may have been provided for an installation. There is also a suspicion that the participant may intend to provide knowingly false future periodic data submissions. Investigations in to this matter are ongoing.</p> <p>Compliance- we have been prioritising this based on the Days in Stage report- there are five installations (two Org’s) that have provided us with bank details that cannot be verified. The compliance manager will make a decision re these this week.</p>	

Counter Fraud - RO	RAG Rating

This case has a potential value of £1,760.</p> <p>This case involves a suspicion that a knowingly false opening meter reading may have been provided for an installation. There is also a suspicion that the participant may intend to provide knowingly false future periodic data submissions. Investigations in to this matter are ongoing.</p>	

Grants - EW	RAG Rating
<p>Amended regulations came into force on 9th December which enable all applicants to repay loans or other public support in order to access RHI. This will enable affected 4 Carbon Trust applicants, who we had indicated based on DETI’s assessment of state aid funding would be ineligible, to repay their loans, should they so choose, in order to access the RHI.</p>	

Audit - APT	RAG Rating		
	WTD	MTD	YTD
(POST) Site audits planned			7
Site audits ongoing (from site audit carried out to final report received)			2
Site audits finalised	0	0	5
No. of non compliant installations from site audits finalised	0	0	3
Non compliance rate (%) from site audits		0%	60%
(PRE) Site audits planned			1
Site audits ongoing (from site audit carried out to final report received)	0	1	0
Site audits finalised	0	0	5
No. of non compliant installations from site audits finalised	0	0	1
Non compliance rate (%) from site audits		0%	100%

Weekly Report - Renewable Heat Incentive (NI) - Operations

- A further 4 NI installations have been picked- confirmation required that DETI are happy for 12 installations to be audited, rather than 11 as originally planned.
