Hi

To let you know the plan is I phone Andrew Mc next week at DFE, likely Wednesday. This will be after he has had a briefing for the team and also once the PWC work on us is done and w have discussed results with his team

It appears there is a bit of an impasse on the ratings of findings, which to some extent I expected. Part of me thinks it's a bit of a V's up to Deloitte to show how rigorous they are. I can understand why given our previous thoughts on Deloitte

We need to be realistic in what we should be and show a clear willingness to learn and hard ball on the rest.

We can try grab time on Monday to see where we are
