Please can you let me have any other comments today or tomorrow so I can send it to JB this week.

Thanks

I can look more later – but for the questions

- 1) IRMA author watch list would be a tool for F&C and targetting Audits I guess? Like us “red flagging” anything... we have a PDS watch list too...
- 2) No, not in place, not been asked to do it...

Subject: Data Sharing

Hi,

Following on from her paper to the November IB on RHI Information Sharing (at which Bob was apparently not convinced about sharing and did not want us to talk to Legal about it) Jacqueline recently asked me to create a SOP to cover data sharing which we could then use to go to Legal and ask for their advice as to how this could be achieved (mad I know and heaven help her if Bob finds out).

This afternoon I have created a first draft, as enclosed. There are two questions for you in there, plus any other comments would be welcome.

Thanks very much

Morag
