Subject: Nolan Show comments

Hi Lucia,

I hope that you are well.

Firstly I wondered if you knew where the Spotlight reporter got my email from? He did not get it from me and I don;t believe it was from the PAC as it didn't have the detail of all the subsequent emails. Anyway, its out there now.

Secondly, I wanted to make you aware that there may be a conversation from me on the Nolan Show tomorrow. I phoned in anonymously at the end of the show this morning because I felt that they were misrepresenting the facts about the whistleblower(s).

Stephen interviewed me afterwards and asked me what had happened. I relayed the facts and only the facts. He had some leading questions that I didn't answer, for example he asked my opinion on the next steps for Arlene Foster and I said that this was a political matter and I had no view on this one way or the other. He asked my opinion on whistleblowers being referred to as cranks in the PAC meetings and I told him that I had no view on that either that I'd just seen something wrong and tried to raise it as an issue and name-calling wouldn't stop me doing the same again. I assume that he might play some of our conversation on tomorrow's show and I just wanted to make you aware of that.

I understand that the PAC may wonder why I felt the need to do this rather than come in to the PAC. I did so because it felt like the right thing to do as the details were getting muddled and it also enabled me to retain anonymity whilst getting the truth across.

Many thanks,
Janette
