Ola: You did and your caution is well warranted.

There will be no meeting before your paper is discussed and that needs to happen tomorrow.

Doing a 9.30 to work all of that out. You will be up

Sometime mid-morning????????? to address paper/DUP?????????

Ted, did I catch you saying DUP want to meet us re RHI?

I would urge caution. They probably realise the shit is about to hit fán re their 'solution'.

There are many people we could meet re RHI before the chancers who created it.

Paper to go to you tomorrow morning in that regard.
