Dear Sir

Re: The Independent Public Inquiry into the Non Domestic Renewable Heat Incentive (RHI) Scheme
Provision of a Section 21 Notice requiring the provision of evidence in the form of a written statement

I am writing to you in my capacity as Solicitor to the Independent Public Inquiry into the Non Domestic Renewable Heat Incentive (RHI) Scheme (known as 'the RHI Inquiry') which has been set up under the Inquiries Act 2005 ('the Act').

I know that you will be familiar, from my previous correspondence, with the RHI Inquiry's Terms of Reference, which remain available on the Inquiry's website. You will also be aware that the RHI Inquiry is conducting its investigations into the matters set out in its Terms of Reference. The Inquiry is continuing with the process of gathering all of the relevant documentation from relevant departments, organisations and individuals.

In addition, the Inquiry is also engaged in the process of requiring individuals who have been, or who may have been, involved in the range of matters which come within the Inquiry's Terms of Reference to provide written evidence to the Inquiry Panel.

In keeping with the approach we are taking with other individuals, the RHI Inquiry is now issuing to you a Statutory Notice (known as a 'Section 21 Notice') pursuant to its powers to compel the provision of evidence in the form of a written statement in relation to the matters falling within its Terms of Reference.

The Section 21 Notice enclosed with this letter requires you to provide evidence to the RHI Inquiry Panel in the form of a written statement addressing the matters identified in the Schedule to the Section 21 Notice. As the text of the Section 21 Notice explains, you are required by law to comply with it.

The aim of the enclosed Notice is to require you to provide all relevant evidence you have within your knowledge, information or belief which is pertinent to the Inquiry's Terms of Reference. The Schedule to the enclosed Section 21 Notice provides further detail as to the matters which should be covered in the written evidence which is required from you. In the event that there is a category of information in respect of which you have no evidence which you can provide, please state this in your response. Where you can provide evidence, the more comprehensive your statement is, the less likely it may be that the Inquiry will have to revert to you at a later stage for clarification, although in many cases this is likely to be necessary to some degree.

It is vital that the witness statement you provide to the Inquiry is your own evidence, absent the influence of others; that it is comprehensive; and that it fully explains your involvement in the matters about which you have been asked.

As you may be aware, the Inquiry has already required the provision of a statement setting out the corporate position of Ofgem in relation to the Northern Ireland RHI Scheme. However, the Inquiry Panel is also interested in the roles played by individual officials from Ofgem who were involved with the Scheme. Moreover, the Inquiry Panel recognise that individual officials may have a different perspective from, or may even disagree with certain aspects of, the position adopted by the organisation they work for. The statement, which is required from you pursuant to

the enclosed Notice, is your opportunity to explain what you did in relation to the Northern Ireland RHI Scheme and why you did it; and also to make the Inquiry aware of any concerns you may have about the actions of others.

I appreciate that you may require or desire access to some documentation in order to assist you in preparing your statement. In particular, you may wish to see documentation to which you previously had access but now no longer have access in your current post. If that applies in your case, I understand that Ofgem will assist you, at least in the first instance. You should contact Mark Mills, Principal Legal Advisor at Ofgem. He is contactable at Mark.Mills@ofgem.gov.uk. I have informed Mark Mills that you may be making contact with him to arrange access to documentation, or for general assistance and support; but there is, of course, no obligation upon you to do so. If you encounter any difficulties, of whatever kind, you should not hesitate to get in touch with me.

I also refer you to Restriction Order No 2 made by the Chairman of the RHI Inquiry on 22 June 2017, a copy of which is enclosed for your convenience. This restriction order prohibits you from publishing any documentation received from the RHI Inquiry (save that you may show it to your legal representative) unless you first obtain the consent in writing of the Inquiry Chairman.

In addition to the four restriction orders made by the Chairman of the RHI Inquiry (which you will find published on the Inquiry website) receipt of this correspondence and its enclosures also places you under a duty of confidentiality to the RHI Inquiry in respect of them. You may share the correspondence and the enclosed Notice and documents with your legal representative(s), but neither you nor they may show, communicate the contents of, nor provide this correspondence or the Notice or documents to any other person or organisation without the express permission of the RHI Inquiry. Any breach of this duty of confidentiality is actionable at the suit of the Inquiry Chairman.

You will also find attached to the Section 21 Notice a Guidance Note explaining the nature of a Section 21 Notice and the procedures that the RHI Inquiry has adopted in relation to such a notice. In particular, you are asked to provide your evidence in

the form of the template witness statement which is also enclosed with this correspondence.

Given the tight time-frame within which the RHI Inquiry must operate, the Chairman of the Inquiry would be grateful if you would comply with the requirements of the Section 21 Notice as soon as possible and, in any event, by the date set out for compliance in the Notice itself.

Finally, I would be grateful if you could acknowledge receipt of this correspondence and the enclosed notice by email to Patrick.Butler@rhiinquiry.org.

Please do not hesitate to contact me to discuss any matter arising.

Yours faithfully

Patrick Butler

6. Identify, in your view, any actual or potential problems, flaws, anomalies, or difficulties with the NI RHI Scheme and/or its operation or administration, explaining in each instance, so far as you can, how those problems, flaws, anomalies, or difficulties manifested themselves, how they came about, and with whom (if anyone) responsibility or accountability for them lay.

- ii. state whether, based upon your experiences of each, there were differences in how Ofgem dealt with each Scheme and if there were such differences, clarify whether any of them impacted adversely upon the NI RHI Scheme (in particular, concerning the proper administration of that Scheme), clarify what those particular differences were, and set out the reasons for those differences as you understand them.

Promotion of the NI RHI Scheme

11. Specify whether you promoted the NI RHI Scheme and/or encouraged any third party to seek accreditation under the Scheme, assisted any third party in so doing, or provided any third party with information knowing that they might apply, or consider applying, or that they might advise, encourage, assist, or cause other persons to apply, or consider applying, for accreditation under the Scheme. In respect of any such instance, please provide full details including (but not limited to) the third party concerned and the date of any steps taken by you in that regard.

Lobbying and pressure

12. Identify any instances, to your knowledge or belief, of lobbying or encouragement of Ministers, Special Advisers, Civil Servants or other relevant persons in relation to the terms of the NI RHI Scheme and/or the introduction, non-introduction, variation or delay of the introduction of cost controls into the Scheme (including, but not limited to, the amendment of tariffs, tiering,

13. Identify any instances, to your knowledge or belief, where influence or pressure was exerted on you in relation to any aspect of the NI RHI Scheme. In respect of any such instance specify:
 - a. who provided that influence or pressure;
 - b. when it occurred;
 - c. what it consisted of and how it was conveyed;
 - d. what you believed the motivation to have been (and what you now believe the motivation to have been, if different), and why you believe that; and
 - e. how you dealt with it.

14. Identify any instances, to your knowledge or belief, where influence or pressure was exerted on someone else in relation to the NI RHI Scheme. In respect of any such instance identify:
 - a. who provided that influence or pressure;
 - b. who it was exerted on;
 - c. when it occurred;
 - d. what it consisted of and how it was conveyed;
 - e. what you believe the motivation to have been, and why you believe that;
 - f. how it was dealt with; and
 - g. how and when you came to be aware of the influence or pressure.

Standards of conduct and conflict of interest

15. Identify any instances, to your knowledge or belief, where a Minister, Special Adviser, Civil Servant or any other person involved in the NI RHI Scheme (including, if applicable, yourself):

- a. breached relevant standards (including, but not limited to, the Nolan Principles, the Ministerial Code of Conduct, the Civil Service Code of Conduct, the Code of Conduct for Special Advisers and/or terms or conditions of employment or service) or acted in a way incompatible with their duties (including, but not limited to, by means of making premature or unauthorised disclosures);
- b. acted in circumstances relating to or touching upon the Scheme in any way where they had a real or perceived conflict of interest;

in respect of any such instances, providing details and specifying the basis for any belief that there has been a breach of a relevant standard or duty or that a conflict of interest arose.

16. Specify whether, to your knowledge, you have any connection to a person or body receiving payment under the NI RHI Scheme or benefiting commercially from the Scheme in some other way (for instance, by supplying equipment, plant, fuel or other goods or services used by Scheme claimants). In this request, a 'connection' includes (but is not limited to) circumstances where the Scheme claimant or beneficiary is a relative, friend, close acquaintance, business associate or (in the case of politicians or special advisers) donor or supporter (either to or of you or your political party).

Whistle-blowing and raising of concerns

17. Identify any instances of which you are aware of whistle-blowing in relation to the Scheme, or disclosures made in the public interest raising concerns about the NI RHI Scheme, setting out details of when this occurred, to whom and by whom any relevant disclosure was made and how it was dealt with.
18. In particular, provide an account of how you dealt with any disclosures raising concerns about the NI RHI Scheme made or communicated to you at any time. In relation to each such instance, identify precisely how the concerns were communicated to you.

19. Specify when you first became aware that subsidies payable under the NI RHI Scheme exceeded the cost of biomass fuel used to produce heat (so that there was an incentive in some cases to produce heat merely to make profit from the Scheme) and how you so became aware.

General

20. Considering the RHI Inquiry's Terms of Reference, please identify any representations made to you about the RHI Scheme (which you regard as significant and about which you consider the RHI Inquiry should be aware), whether those representations were made by colleagues, or otherwise. In respect of any such representations please indicate when they occurred, where they occurred, who was involved, and what was said or communicated to you.
21. Considering the RHI Inquiry's Terms of Reference, please identify any conversations or discussions you had about the RHI Scheme (which you regard as significant and about which you consider the RHI Inquiry should be aware), whether those conversations or discussions involved colleagues, or otherwise. In respect of any such conversations or discussions please indicate when they occurred, where they occurred, who was involved, and what was said to you.
22. Provide any further evidence within your knowledge or belief which is relevant to the matters which the RHI Inquiry is investigating as set out in the RHI Inquiry's Terms of Reference.

NOTE:

It is important for the efficiency of the RHI Inquiry that the issues identified above are addressed as fully as possible and by reference, where available, to the dates and locations of specific incidents to which reference is made. The statement should be broken down into paragraphs, which should be numbered sequentially from '1' to the end. The use of appropriate section headings or sub-headings is also encouraged. A

template witness statement is provided with this Notice for your assistance and should be used as the format for your response.

INQUIRY INTO THE RENEWABLE HEAT INCENTIVE SCHEME

RHI REF: Notice 514 of 2017

DATE: 13th October 2017

Witness Statement of: Robert Martin

I, Robert Martin, will say as follows: -

Background

1. Education: August 2008 – May 2012
BSc (Hons) Environmental Civil Engineering – Glasgow Caledonian University

Prior to and during my time at university, I spent around 8 years working in a retail environment working for Zara and Topshop as a Visual Merchandiser. Upon graduating, I took an entry level position at Ofgem and have since worked my way up to my present role.

2. Administrator: August 2012 – January 2013
Duties in this role included:
- Answering email and phone queries from applicants/participants in relation to both the GB and NI Non-Domestic RHI Schemes.
 - Reviewing accreditation applications for the GB Non-Domestic RHI Scheme.
 - Reviewing periodic data received in relation to the GB Non-Domestic RHI Scheme.

Assistant Manager: January 2013 – January 2015

Duties in this role included:

- Reviewing periodic data received in relation to both the GB and NI Non-Domestic RHI Schemes.
- Line Management responsibilities, such as One-to-Ones and catch ups.
- Contributing figures and analysis to be used for internal reporting.
- Contributing to Process Improvement Projects related to IT systems.

Process and Controls Manager: January 2015 - Present

Duties in this role included:

- Approving periodic data received in relation to both the GB and NI Non-Domestic RHI Schemes as a Delegated Authority.
- Act as control point for data provided by Biomethane producers.
- Act as a control point for periodic data provided in an estimated format.
- Provide leadership and guidance to other members of the team.

3. My Line Manager over the relevant time was mostly Lewis Martin, however there were some short periods where I was managed by Atika Ashraf, Michelle Murdoch and Teri Clifton.

For a period of around a year or so, I was the line manager for Neil Munro and Kirsten Glen.

Involvement with Northern Ireland RHI Scheme

4. I have been involved in the administration of the NI RHI scheme since in or around the time that the scheme began. I have not had any involvement in the scheme other than its administration.

5.

- a. There is no specific time split between GB and NI in my role(s), it flexes as the workload demands based on the number of submissions that happen to be in review at the time. All periodic data submissions go

through our systems in the same manner and are subject to the same KPIs. The only points to note are that payment runs alternate each week between the two schemes, so there is some prioritisation that goes along with that and there is a much larger volume of submissions for the GB scheme.

- b. I carried out any tasks in my roles and responsibilities relating to the NI RHI scheme as per the processes which are set out in the team's Standard Operating Procedure documents.
 - c. I can confirm that I was adequately trained in respect of my role in relation to the NI RHI Scheme.
6. Whilst working on administrating the scheme, I saw no actual or potential problems, flaws, anomalies, or difficulties which would hinder the NI RHI Scheme and/or its operation or administration.
7. Not applicable considering answer provided for Question 6.
8. I can confirm that I have not encountered any difficulties within Ofgem that have negatively impacted our ability to operate the administration of the NI RHI scheme.
9. I have personally not encountered any difficulties in the relationship between Ofgem and DETI/DfE. In the roles that I have served, I have not been required to make any direct contact with DETI/DfE.

Involvement with Great Britain RHI Scheme

10.

- a. I can confirm that my role also meant similar involvement in the GB RHI Scheme.

- b. As noted earlier, within the periodic data team, GB and NI submissions are dealt with in the same manner. Therefore, my duties and actions have always been equally applicable to both schemes.

- c.
 - i. Based on my experience, all knowledge built up (or lessons learned) over the duration of the two schemes has been utilised consistently across both schemes. I can confirm that I do not have any knowledge of any lessons learned which have been exclusively applied to the GB scheme.

 - ii. All NI accreditation applications go through the same processes and controls that those on the GB scheme do, so there would be no adverse impact to speak of.

Periodic Data submissions from participants on both schemes were dealt with in the same manner until such time as DETI/DfE requested that all submissions with a load factor over 80% required a supplementary photograph of the meter readings. Aside from that, as with our accreditations work, the same processes and controls are used for both schemes, so there is no adverse impact to speak of.

Promotion of the NI RHI Scheme

- 11. I can confirm that I have never promoted or encouraged any third party to seek accreditation under the scheme.

I have spent time answering queries on the scheme from participants and presumably consultants/third parties via our enquiry line and enquiry emails. I consider this to be 'providing information', but not in the context suggested by

the question.

Lobbying and pressure

12. I cannot identify any potential instances of lobbying that I am aware of relating to the scheme from its inception to the present day.
13. There have not been any instances in which I have been put under any notable pressure or influence in relation to the NI RHI scheme.
14. There have not been any instances that I am aware of in which I consider any colleagues to have been put under any notable pressure or influence in relation to the NI RHI scheme.

Standards of conduct and conflict of interest

15.
 - a. I can confirm that I cannot identify any instances, to my knowledge or belief, where a Minister, Special Adviser, Civil Servant or any other person involved in the NI RHI scheme breached any relevant standard or acted in a way which was incompatible with their duties.
 - b. I can confirm that I cannot identify any instances, to my knowledge or belief, where a Minister, Special Adviser, Civil Servant or any other person involved in the NI RHI scheme acted with a real or perceived conflict of interest in mind.
16. I can confirm that I have no connections to any person/body receiving payment or commercial benefit from the NI RHI scheme.

Whistle-blowing and raising of concerns

17. The only whistle-blowing case that I am aware of, is the claim which has been addressed within the media of a participant 'heating an empty shed'. I can confirm that I am not directly aware of any details related to any further whistle-blowing claims or disclosures made in the public interest with relation to the NI RHI scheme.
18. Not applicable considering answer provided for Question 17.

General

19. I first became aware that subsidies payable under the NIRHI scheme exceeded the cost of biomass fuel used to produce heat in the Autumn of 2016. I would most likely have become aware of the story from a Gorkana email. (Gorkana is Ofgem's content aggregator who send all staff an email every morning with a list of news stories containing Ofgem related keywords.)

The ratio I recall seeing was "£1.60 of RHI payments for every £1 of pellets burned". However, I must note that I have never seen any of the calculations or analysis in which the claim has derived from to verify its accuracy.

20. With reference to the RHI Inquiry's Terms of Reference, I have nothing further to disclose that I would consider to be significant and that the RHI Inquiry should be aware of.
21. With reference to the RHI Inquiry's Terms of Reference, I have nothing further to disclose that I would consider to be significant and that the RHI Inquiry should be aware of.
22. With reference to the RHI Inquiry's Terms of Reference, I have nothing further to disclose that I would consider to be significant and that the RHI Inquiry should be aware of.

Statement of Truth

I believe that the facts stated in this witness statement are true.
