Dear Sir

Re: The Independent Public Inquiry into the Non Domestic Renewable Heat Incentive (RHI) Scheme

Provision of a Section 21 Notice requiring the provision of evidence in the form of a written statement

I am writing to you in my capacity as Solicitor to the Independent Public Inquiry into the Non Domestic Renewable Heat Incentive (RHI) Scheme (known as 'the RHI Inquiry') which has been set up under the Inquiries Act 2005 ('the Act').

I enclose a copy of the RHI Inquiry's Terms of Reference for your information.

You may be aware that the RHI Inquiry is undertaking its investigations into the matters set out in its Terms of Reference. A key part of that process is gathering all of the relevant documentation from relevant departments, organisations and individuals.

In turn, an important part of that exercise involves seeking to ascertain the relevant means of communication used by those persons whose actions may fall within the purview of the RHI Inquiry's investigation, in order that the Inquiry can seek to ensure that it has been provided with all documentation relevant to its work; and in order that it may take any necessary steps to identify, secure and retrieve such documentation.

The RHI Inquiry is aware that some of the persons whose actions may fall within the purview of the RHI Inquiry's investigations may have used, or use, email accounts and electronic file storage facilities provided by the Northern Ireland Assembly Commission. As you will see, the information sought by this Section 21 Notice relates to the existence of email accounts and the storage of electronic files in order for the RHI Inquiry to ascertain whether any communications may be retrievable despite the passage of time.

In keeping with the approach we are taking with other individuals, the RHI Inquiry is now issuing to you a Statutory Notice (known as a 'Section 21 Notice') pursuant to its powers to compel the provision of evidence in the form of a written statement in relation to the matters mentioned above.

The Section 21 Notice enclosed with this letter requires you to provide evidence to the RHI Inquiry Panel in the form of a written statement addressing the matters identified in the Schedule to the Section 21 Notice. As the text of the Section 21 Notice explains, you are required by law to comply with it.

You will also find attached to the Section 21 Notice a Guidance Note explaining the nature of a Section 21 Notice and the procedures that the RHI Inquiry has adopted in relation to such a notice.

Given the tight time-frame within which the RHI Inquiry must operate, the Chairman of the Inquiry would be grateful if you would comply with the requirements of the Section 21 Notice as soon as possible and, in any event, by the date set out for compliance in the Notice itself.

Please do not hesitate to contact me to discuss any matter arising.

Yours faithfully

A handwritten signature in black ink, appearing to read "Patrick Butler", with a long horizontal flourish extending to the right.

Patrick Butler

Solicitor to the RHI Inquiry

SCHEDULE

[No 15 of 2018]

1. Please describe the email facilities provided by the Assembly Commission to Members of the Northern Ireland Assembly ('MLAs') and members/staff of political parties, including:
 - a. Who is given an email account by the Assembly Commission and when?
 - b. How many email accounts is an MLA given and why?
 - c. Who would have access to read mail received in each of those email accounts?
 - d. Who would have access to send emails from each of those accounts?
 - e. What facilities are available for an MLA to have mail from such an account 're-directed' to a non-Commission email account?
 - f. When, if ever, is such an email account deleted?
 - g. What form of 'back-up' or archiving, if any, exists in relation to such email accounts and how far back does it extend?

2. Please describe the electronic file storage facilities provided by the Assembly Commission to MLAs, including:
 - a. how does this facility interacts with email accounts provided by the Assembly Commission?
 - b. Other than at the direction of an MLA, when, if ever, does the Assembly Commission delete files from the file storage facility?

- c. What form of 'back-up' or archiving, if any, exists in relation to the file storage facility and how far back does it extend?

3. In respect of any and all email accounts currently provided by the Assembly Commission to MLAs and members/staff of political parties, please provide the following information:
 - a. The email address for the account;

 - b. The person to whom the account is provided;

 - c. The date on which the account was created;

 - d. The email address(es) to which emails are re-directed from that account;

 - e. The email address(es) from which emails are re-directed to that account.

By e-mail only

Dear Sir,

Re: Notice 14 of 2018

I refer to Notice 14 of 2018, which, following a variation agreed by the Inquiry Chairman on 6th inst, is to be read as being addressed to Dr Gareth McGrath, the Northern Ireland Assembly Commission's Director of Parliamentary Services.

By notice 14 Dr McGrath was required to provide a witness statement dealing with a number of matters relating to the provision of e-mail and online storage facilities to Members of the Assembly, their employees and party staff. Please find attached Dr McGrath's statement.

I am happy to discuss.

Yours faithfully

A handwritten signature in black ink, appearing to read 'Jonathan McMillen', with a long horizontal stroke extending to the right.

Jonathan McMillen
Head of Legal Services

INQUIRY INTO THE RENEWABLE HEAT INCENTIVE SCHEME**RHI REF: Notice 14 of 2018****DATE: 14th March 2018**

**Witness Statement of: Dr. Gareth McGrath, Director of Parliamentary Services,
Northern Ireland Assembly**

I, Gareth McGrath, will say as follows: -

1. Please describe the email facilities provided by the Assembly Commission to Members of the Northern Ireland Assembly ('MLAs') and members/staff of political parties:

1. The Northern Ireland Assembly Commission ("the Assembly Commission") supplies computer equipment and software to all MLAs and their staff during the MLA's term of office and to party support staff employed on Assembly business. MLAs, their staff and party support staff are provided with Microsoft Office 365 accounts. Office 365 is a cloud-based solution which provides secure access to email, calendar and document storage services ("OneDrive") using a single sign-on facility.

a) Who is given an email account by the Assembly Commission and when?

2. Upon being elected to the Northern Ireland Assembly ("the Assembly"), each MLA is entitled to three email accounts provided by the Assembly Commission:
 - a. One account in the name of the MLA in the format forename.surname@mia.niassembly.gov.uk
(e.g. John Smith MLA would be john.smith@mia.niassembly.gov.uk)

One generic account for use by constituency office staff using the MLA's name in the format forename.surname@co.niassembly.gov.uk
(e.g. for the constituency account of John Smith MLA the email address would be john.smith@co.niassembly.gov.uk)
 - b. One named account for a member of the MLA's support staff in the format forename.surname@party.niassembly.gov.uk
(e.g. a constituency support worker called John Brown, would, whichever MLA he worked for, be john.brown@party.niassembly.gov.uk)

3. The party support offices of the parties of which MLAs are members may be provided with a limited number of Office 365 email accounts. The maximum number of accounts which can be made available to each party depends on the number of MLAs in that party. The Assembly Commission uses the following table to determine the allocation of user email accounts assigned for use in Parliament Buildings by Party Support staff.

| Party Strength | User / Email accounts |
|------------------------------------|------------------------------|
| Single-Member Party or Independent | 2 |
| Parties with 2 – 4 Members | 4 |
| Parties with 5 – 10 Members | 6 |
| Parties with 11 – 15 Members | 8 |
| Parties with 16 – 20 Members | 10 |
| Parties with 21 – 30 Members | 12 |
| Parties with 31 – 40 Members | 14 |

4. These accounts are allocated to named individuals on request from central political party support offices subject to the limits on the total number of party support accounts set out above. The format for these accounts is, as with named MLA support staff, forename.surname@party.niassembly.gov.uk

b) How many email accounts is an MLA given and why?

5. See paragraph 2 above.

c) Who would have access to read mail received in each of those email accounts?

6. It is expected that only the named Office 365 account holder will access a named email account, subject to the ability of that user to request access for other Assembly Commission Office 365 account holders to that account. If a user thinks it is necessary for such a user to have access to his or her account, access privileges can be granted by the Commission's Information Services ("IS") Office on request. Each mailbox owner is also able to delegate such access from within their own email client software.
7. The Assembly Commission cannot attest that each person with a named Office 365 account provided by the Commission is the only person able to access that account. Access to such accounts is controlled through the use of a username and password. The security of each account is dependent on the account user maintaining the integrity of their password. While all Office 365 users are regularly reminded of their responsibilities not to disclose their password to others, if the user of a named account discloses his or her log-on details and password to another person, either intentionally or unintentionally, that person would have access to the named account. The Commission

would have no knowledge of access by such a person, since it would appear that the account was being operated only by the account user.

8. The position is similar regarding access to central party support email accounts. These are in the names of nominated individuals and access to that account is available only to those in possession of the log-in details (unless access privileges are granted to other Office 365 users on request to the Assembly Commission's IS Office, or granted by the user within his or her email client software). The caveats set out in the preceding paragraph as regards the effectiveness of restrictions on access to named MLA and named support worker accounts apply equally to restrictions on access to party support email accounts.
9. The position is different as regards constituency office accounts. It is expected that constituency office email accounts will be accessed by more than one member of constituency staff, although as with other accounts access to these accounts is limited to those staff who have been provided with the account password, or granted permission to access the account via another Assembly Commission Office 365 account.

d) Who would have access to send emails from each of those accounts?

10. The mailbox owner can send emails from a named account. In addition, any other holder of an Assembly Commission Office 365 account that has been granted either "send-as" or "send-on-behalf-of" permission for the named account may send emails in line with that permission. Such permission may be granted either by the Commission's IS Office at the mailbox owner's request, or through the mailbox owner's email client.
11. It is also the case that any person in possession of the username and password for a named account could send emails from it, or change the "send-as" or "send-on-behalf-of" permission for that account: it would appear to the Assembly Commission that such emails were sent (or such permissions granted) by the account holder.

e) What facilities are available for an MLA to have mail from such an account 're-directed' to a non-Commission account?

12. IS Office will re-direct mail to non-Assembly Commission email accounts at an MLA's request, and MLAs can also redirect to non-Commission email accounts from within their own email client software. (See Table 1 for details of current redirects). It is also the case that any person in possession of the username and password for a named account could set up a redirect to non-Commission accounts from that account.

f) When if ever, is such an email account deleted?

13. MLA and constituency Office 365 email accounts provided by the Assembly Commission are deleted only after the MLA leaves office, whether by resignation, retirement or a failure to be re-elected. These accounts are deleted after a period of approximately 60 days following the MLA's departure from office.¹ Named MLA support staff accounts and party support accounts will be deleted when staff leave the employment of the MLA or political party (although should an employee of an MLA who retires, resigns etc. transfer to employment with another MLA or party support, it may be that their existing Office 365 account will be maintained). The Assembly Commission's IS Office will delete support worker and party support accounts on request from an MLA or central political party support management.

g) What form of 'back-up' or archiving, if any, exists in relation to such email accounts and how far back does it extend?

14. The generous storage capacity provided within the Office 365 environment means that the Assembly Commission's IS Office does not provide an archiving service for Office 365 email accounts. Users can of course create and maintain their own archives if they wish, but the creation and maintenance of such archives is a matter for users, not a Commission requirement.

15. Information on the retention of information within the Office 365 environment has been sought from Microsoft. Accounts are not backed up, in the sense that no snapshot of an account at a particular moment in time is preserved. However, certain information deleted by the user does remain accessible for a limited period of time.

16. Mail items which are deleted by the user are moved to a Deleted Items folder within the mailbox, where they remain until the user either deletes the item or empties the entire Deleted Items folder. Items deleted from the Deleted Items folder are then moved to a Recoverable Items folder. Items in the Recoverable Items folder are kept for 14 days, during which they may be recovered, before being permanently removed. This is called single item recovery.

17. Per paragraph 13 above, when an MLA resigns, retires or is not returned at election, or a named support worker leaves employment, the entire Office 365

¹ The period is approximate because an MLA who ceases to be a member is entitled to a 'winding-up' allowance for the three months after he or she ceases to be a member. The former MLA may, however wind up more quickly and request his or her Office 365 account be closed before 60 days elapse, or he or she may be request another few weeks of use if using the full winding-up period. Most accounts are deleted after 60 days.

account associated with that name, including the mailbox, is deleted.² Microsoft retain the mailbox and its contents for 30 days following deletion. After 30 days, the mailbox is not recoverable.

2. Please describe the electronic file storage facilities provided by the Assembly Commission to MLAs

a) How does this facility interact with email accounts provided by the Assembly Commission?

18. In the Office 365 environment, each account is provided with a mailbox and a private OneDrive electronic file storage facility. While OneDrive storage is separate from the user's mailbox it is provided as part of the same tenancy agreement and is accessed via the same logon credentials: that is, any person with the username and password of the mailbox owner may access the account. MLAs (and other Office 365 account holders) can delegate either full or partial OneDrive access to other users including non-Assembly Commission users.

b) Other than at the direction of an MLA, when, if ever, does the Assembly Commission delete files from the file storage facility?

19. The Assembly Commission does not delete files from the OneDrive facility. Per paragraph 13 above, an MLA's Office 365 account, including the OneDrive storage associated with that account, is deleted by the Commission approximately 60 days after the MLA leaves office (or, if the person is not an MLA, when he or she leaves employment).³

c) What form of 'back-up' or archiving, if any, exists in relation to the file storage facility and how far back does it extend?'

20. The generous storage capacity provided within the Office 365 environment means that the Assembly Commission's IS Office does not provide an archiving service for Office 365 OneDrive storage. Users can of course create and maintain their own archives if they wish, but the creation and maintenance of such archives is a matter for users, not a Commission requirement.

21. Items may be deleted from OneDrive storage. Deleted items are placed in a Recycle Bin folder, from which, for a period, users may if necessary restore them. Items deleted from the 'Recycle Bin' folder (either individually or by a command to empty the Recycle Bin folder) are kept in a Site Collection

² The constituency office account, since it is linked to the name of the MLA, is also deleted.

³ The constituency office storage, since it is linked to the name of the MLA, is also deleted.

Recycle Bin folder or “second-stage Recycle Bin”. The total period of time that deleted items are retained is 93 days. Thus, an item deleted to the Recycle Bin, will, if the Recycle Bin is not emptied, be deleted automatically at the end of the 93 days; an item deleted to the Recycle Bin, where the Recycle Bin is emptied after 40 days, will be deleted automatically from the Site Collection Recycle Bin folder after a further 53 days. Following the lapse of the 93-day period the items are permanently deleted.

22. The Site Collection Recycle Bin folder is only accessible by Office 365 Administrators in the Assembly Commission’s IS Office.

23. When an MLA resigns, retires or is not returned at election, or a named support worker resigns, the entire Office 365 account, including OneDrive storage, is deleted. Microsoft retain the storage and its contents for 30 days following deletion. After 30 days, the OneDrive storage is not recoverable.

3. In respect of any and all email accounts currently provided by the Assembly Commission to MLAs and members/staff of political parties, please provide the following information:

a) The email address of the account;

24. See Table 1, annexed to this statement. The table shows all Office 365 email accounts currently provided by the Assembly Commission to MLAs, MLA named staff and constituency offices, and staff of political parties. OneDrive storage facilities are provided with each Office 365 account. The table includes those accounts where IS Office has redirected mail to non-Commission accounts at the account holders request or where account holders have redirected email to other accounts using their own email client software. The data report was produced at 11:24am on 12th March 2018.

b) The person to whom the account is provided;

25. See Table 1 below.

c) The date on which the account was created;

26. See Table 1 below.

d) The email address(es) to which emails are re-directed from that account;

27. See Table 1 below.

e) The email address(es) from which emails are re-directed to that account

28. This information is not held by the Assembly Commission. Any email received into the mailbox of any MLA could potentially arrive there by way of redirection from an external account. Such redirects are set up on the external account, not the email account provided by the Commission, and such redirects would not be known to the Commission.

Statement of Truth

I believe that the facts stated in this witness statement are true.

Signed: Gareth McGrath

Dated: 14/3/18
